Skill:

- Team Working: experienced in working in groups as a result of my current and previous different occupations. In addition, I have involved in many group-based voluntary works in the field of sports, social and fundraising activities.
- Data collection: Experienced in this field as primarily my PhD thesis involved a large questionnaire-based fieldwork conducted in Jordan.
- Statistical skills: in addition to a good background in statistics and econometrics, I have built up an excellent experience in applying statistical software (e.g. SPSS, E-views, STATA and Excel).
- Languages: English and Arabic

Teaching Experience in Al-Hussein Bin Talal University:

Principles of Microeconomics, Microeconomic Theory, Macroeconomic Theory, Human Recourses and Labor Economics, Mathematical Economics, Statistical Methods in Economics, Industrial Economics, Computer software for Economists, Econometrics.
